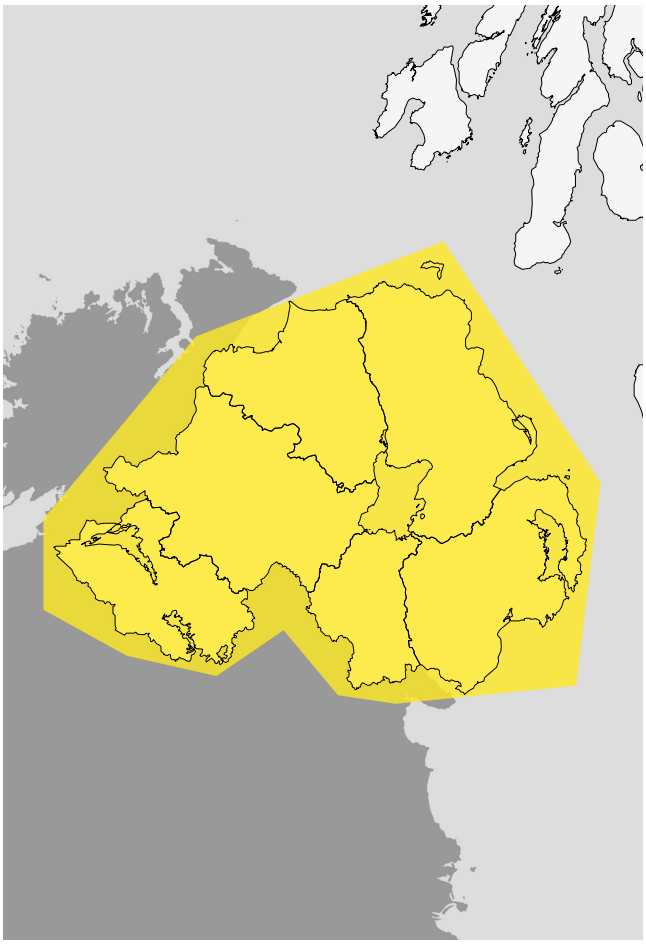
Yellow warning
Rain & Wind

Between
03:00 Tue 18 Dec 2018 and
09:00 Tue 18 Dec 2018



Wet and windy weather expected early Tuesday. Wettest in the south and west, windiest in the southeast.

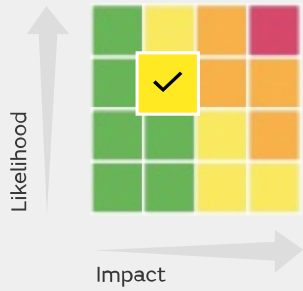
What to expect

- Flooding of a few homes and businesses is likely.
- Bus and train services probably affected with journey times taking longer.
- Spray and flooding on roads probably making journey times longer.
- Delays for high-sided vehicles on exposed routes and bridges likely.
- Some short term loss of power and other services is possible.
- It's likely that some coastal routes, sea fronts and coastal communities affected by spray and/or large waves.

Further details

A brief spell of wet and windy weather is expected early Tuesday, especially in the east during the morning rush hour.

The highest rainfall totals will be over western and southern parts where 15-30 mm rain is likely, amounts elsewhere much smaller. The windiest weather, meanwhile, will be in the far east and southeast during the morning rush hour, gusts then likely to widely reach 45-55 mph and come close to 65 mph in the most exposed spots. Elsewhere conditions will be less windy, especially by morning rush hour.



✓ Medium likelihood of low impacts
